To Darryl's friends

My name is Shaun Larking and I am a friend of Darryl Church and have been since Darryl moved here from the UK. I am writing this letter to inform all his friends that Darryl has liver cancer and sadly he has entered into the final stages of this condition. At the moment Darryl is in the Redcliffe Hospitals Palliative Care Unit were he is receiving the best possible care and support from his friends and family members. Darryl and Tony have spoken to the doctors about his current condition, which at the moment is stable but is starting to move quicker than we hoped for and we thought it would be an appropriate time to inform friends about his condition and give you all time, if you wish to contact him and say hello and give him your support and prayers at a time when Darryl needs them most. I am sorry for having to tell you his friends this sad news.

You can contact me at my email if I can help you in any way  
Shaun
